## Sponsors of the October "Meet Your Neighbor" Event will help:

**Train** local providers on *Inclusion and Best Practices* in the field of mental health

**Equip and empower** people to integrate successfully into mainstream

**Promote** community cohesion

**Innovate solutions** for integrated care and living

The I'm In -- Community Inclusion initiative is designed to equip and engage communities in providing a welcoming, and accepting, environment for people living with mental health conditions including: mental, cognitive, intellectual, developmental, addiction and sensory disorders. Share Hope is opening the doors of inclusion here in Wake County starting with a community resource fair where local service providers can welcome their neighbors and introduce them to opportunities for entertainment, assistance, support and success.
